The Milano Residences at Century City

Century Properties – Oct 2011

Excavation completed for Milano Residences; steelworks in progress

Following its ceremonial groundbreaking early this year, Century City's third residential tower, the Milano Residences, has completed its excavation works on site with a total depth of 16 meters.

Site works have moved on to steel cutting, as well as the preparation of formworks and installation of reinforcement bars.

The Milano Residences is slated for completion in 2015.

The Milano Residences is the first private luxury residences in Asia interior-designed by Versace Home. Its amenities and common spaces will feature the Italian home label's style aesthetic from its wide array of furniture, décor, tiling and detailing. The Milano is located in Kalayaan Avenue near corner Makati Avenue, Makati City.
